Mr. Brian Yoder, Principal Grades 5-12

Welcome Back! We hope you enjoyed summer vacation and are ready for another GREAT year at Flanagan-Cornell Unit 74.

We have some new students and staff members this year. Please do your part to make everyone feel comfortable and welcome.

The custodial staff has done a great job this summer getting the building cleaned, repaired, and ready for the school year. Let's do our best to keep the building clean and fresh.

We firmly believe and expect that everyone wants to do what is right and necessary for Flanagan Grade School to continue being *the best school*. We also believe it is easier to do that if you know what is expected of you. From the first day of school through our final day in the spring, meeting these expectations will help us have a great school year. Please read it carefully and keep it in a safe place in case questions arise later.

We also have some personal expectations that we would like to make you aware of:

We expect you to:

- 1). **ALWAYS** treat others with courtesy and respect.
- 2). Make good choices.
- 3). Complete your work to the best of your ability.
- 4). Keep our campus safe, clean, and beautiful.
- 5). Follow all rules as designated by the school and your teachers.
- 6). Remember the importance of positive attitudes and relationships.
- 7). Make a lifelong commitment to learning. Don't be afraid to try new things.
- 8). Strive to make your parents, teachers, friends, and school proud of you.
- 9). Remember that you always represent your school. Please do so in an acceptable manner.

FLANAGAN-CORNELL UNIT 74 ~ MISSION STATEMENT

To prepare our students to function productively and responsibly in the twenty-first century, Flanagan-Cornell Unit 74 shall provide a learning environment in which every student can not only acquire and apply knowledge, but also develop a sense of community, which balances self-interest with the interest of others.

GENERAL SCHOOL GUIDELINES

STUDENT RESPECT FOR ALL STAFF

Every student will show respect to all teachers and staff members at all times. All school staff members have authority and responsibility for maintaining student safety and discipline.

ARRIVAL TIME

For safety reasons, students are not to report to school before 7:30 am unless special arrangements are made with the administration. Class begins at 8:10.

Flanagan-Cornell Schools are a closed campus. Once students arrive to school they are not permitted to leave school property without permission from the administrator or designee.

ATTENDANCE & TARDINESS

Regular attendance is directly related to a successful experience in the classroom. Occasionally, however, absences may be necessary for severe illness, death in the family, or emergency reasons. During these times a written statement from the parent or guardian requesting a student to leave during school hours is to be given to the office by 8:20 a.m.

When a student is absent, his/her parents are required to call the elementary school office by 8:30 a.m. This call is important so we know that your child is safe. It also allows us to make arrangements for homework assignments and is essential if teachers are to put aside class materials and tests for extended periods of absence. In the event that we do not receive a call, an effort will be made to contact the parents to confirm the reason for absence. The student will be listed as unexcused unless the parent and/or guardian make contact within 24 hours of the absence with a valid excuse for the absence. Once a student has accumulated 10 absences, a doctor excuse stating that the student is unable to attend school will be required for subsequent absences to be excused. The Regional Truancy Outreach Program may be notified once a student has accumulated 10 or more absences.

Any time a student becomes ill during school hours, they should notify the grade school office so that the parents or guardian may be notified.

Students are expected to be in their classroom ready to begin class when the 8:10 bell rings to begin school. A tardy will be issued to students who arrive late to class without a pass. Any student who has been tardy 3 times to the same class in a nine-week period may receive a detention. Any student who has received 3 detentions for tardiness may receive an In-School Suspension.

When a student is arriving late or leaving early from school, the student and/or parent must sign the Check-in/Check-out Log in the elementary school office.

In order for a student to participate in or attend a scheduled extra-curricular activity on a school night, the student must be in attendance at school by 10:00 a.m. the day of the event and if the student leaves at any time during the school day the student may not attend the event that evening. The only exception will be by prearranged absence for doctor's appointments or in the case of some family emergency as approved by the administration.

EMERGENCY ANNOUNCEMENTS/CLOSURES

We use Blackboard Connect, an automated messaging system, to communicate special dismissal times and emergency school closings. Please notify the school office when you have a new telephone number.

You may also tune in to these tv/radio stations for school information & announcements:

VISITORS

A visitor is any person who is not a student or employee of the district. All visitors are required to report to the school office and sign in upon entering the building. They may be given an identification badge to wear during their visit. Parents/Guardians are welcome and encouraged to visit the school, however, state law requires visitors to sign in at the school office prior to visiting students or classrooms. Parents should wait outside the school entrance when picking children up at the end of the regular school day.

STUDENT GUESTS

While we are aware that students find it fun to bring visiting guests to school, they are a distraction and an interruption of the educational process. Therefore, student guests will not be permitted without prior notification and special permission from the administration. As always, parents, grandparents, etc. continue to be welcome on the designated visitation days.

STUDENTS OUT OF CLASS

Students out of class for other school functions should get assignments ahead of time, and all work must be completed when they return. This is a requirement of participation in extra-curricular activities and is solely the responsibility of the student.

MOVING OUT OF THE DISTRICT

If your family plans to move out of the school district please notify the grade school office as early as possible so that we can help prepare a smooth transition for the students.

FAMILY VACATIONS

Parents wishing to take their children out of school for a trip or family vacation should make their request directly to the building principal at least ten (10) days prior to the event. It is recommended that students collect their assignments before leaving. All work should be turned in within a reasonable amount of time as determined by the classroom teacher. Absences may be unexcused if the ten day notice has not been given.

MANDATED REPORTING OF CHILD ABUSE

Flanagan Board of Education and Administration support the state law mandating that a report to DCFS be made when any form of child abuse or neglect is suspected. For the safety of the child, that law dictates that parents will not be notified prior to the report.

STUDENT DRESS

The style of clothing and hair (that abides by school dress code) shall be left to the discretion of the parents as long as it does not interfere with the health and welfare of the students, disrupt the classroom atmosphere, impede classroom decorum, and cause distraction to other students so as to interfere with the educational process in the school. However, students generally conduct themselves in a manner similar to the way in which they dress and groom. Any type of dress or grooming which is disruptive will not be permitted.

Hats and headscarves are to be taken off when entering the building and remain off until you leave the building during the school day.

JUNIOR HIGH DRESS CODE

- Trousers, shorts, and other items of clothing designed to be worn on the bottom half of the body will be worn at the waistline. No clothing will hang on the hips.
- Short shorts are not allowed. A good rule of thumb: if you can touch skin when your arms are hanging naturally at your sides; your shorts are too short.
- Shirts and other clothing with inappropriate slogans or advertising are not permitted.

- Mesh shirts, midriff, spaghetti straps, or straps less than one inch, racer back tanks, halter tops, strapless, bare feet, etc. are inappropriate for either girls or boys and will not be permitted.

The administration will exercise its discretionary authority to determine if a garment is disruptive in nature.

IN CASE OF INJURY

Accident insurance is available to all students. Two types of insurance are offered: (1) for the school day and (2) 24-hour protection.

Any pupil who is injured should report that injury to his teacher and to the grade school office immediately.

HEAD LICE, SCABIES AND OTHER COMMUNICABLE CONDITIONS

Students found to have head lice, scabies, or other communicable conditions will be excluded from school. The parent/guardian should check with their physician and/or the Health Department for proper treatment. In the case of scabies and other communicable conditions, students may return to school only after proper treatment is documented. In the case of head lice, students may return to school only after they are nit free.

MEDICATION

All student medication must be stored in the office, including non-prescription medication (cough medication, pain relievers, etc.). Students may not keep medication with them. Parents allowing non-prescription medications to be administered must fill out a form. A physician and parent must fill out a form for all prescription medications. Medication forms are available in the office. FC 74 cannot give over the counter medication to students without this form.

LOST AND FOUND ARTICLES

Lost and found articles are kept on a table in front of the grade school office. Found articles should be turned in to the office with any information to assist in finding the owner. Lost articles should be reported immediately. Students or parents may contact the office for information. Items will be donated to charity each semester.

USE OF TELEPHONE

The office telephone is a business phone and should not be used by students except in an emergency. Students will not be allowed to use the phone to make personal arrangements (such as requesting permission to go to another student's home after school).

LOCKERS

A locker is issued to each student in grades 5-8 at the beginning of the school year. Students are expected to keep their lockers clean and not abuse them in any way. Drinks and opened food products are NOT permitted. Display of drawings, symbols, graffiti, and/or other materials which are offensive, promote violence, or could be interpreted to be gang related are not permitted on or in the locker.

Students may bring a lock to place on their locker. The office must be given an extra key or the combination for any locks placed on lockers.

Property that is placed in the locker in such a way that it interferes with the normal operation of the door will be held in the office and a locker violation may be issued. Locker violations carry the penalty of a noon-hour detention for the purpose of cleaning out the locker.

BOOK BAGS

Book Bags must be small enough to fit in lockers without interfering with the normal operation of the door, and may not be carried from class to class during the day.

VALUABLES

Common sense and consideration is the best guide in determining whether or not to bring personal possessions to school. FC74 is not responsible for valuables that students bring to school. Thus, it is recommended that students leave all valuables at home.

BICYCLES

Students are expected to obey all safety regulations when riding bicycles to school. Failure to do so will result in the students forfeiting this privilege. Kindergarten students are not allowed to ride bicycles to school. It is also preferred that 1st graders not be allowed to do this. However, if a parent feels that his/her child has developed sufficient awareness and skill to ride to school safely and wish for their child to do so, they must come to the grade school office and sign a waiver.

PARKING LOT ~ AFTER SCHOOL PICK UP

When picking up a student after school, all parents/guardians must park their vehicle and walk to the safety zone to pick up their child/children. Parents/guardians may only park west of the safety zone. No one is to cross the safety zone with a vehicle during dismissal in order to keep our students safe.

SCHOOL BUS RIDERS: RULES AND REGULATIONS

School bus riders, while in transit, are under the jurisdiction of the SCHOOL BUS DRIVER unless the local board of education has an adult on the bus to supervise the riders.

It is recommended that all riders, parents of riders, and teachers become familiar with the following regulations governing school bus riders.

- A). Be on time at the designated school bus stop; help keep the bus on schedule.
- B). Stay well off the roadway at all times while awaiting the arrival of the bus. No fighting or running after another student while waiting.
- C). Be careful in approaching the place where the bus will stop. **DO NOT MOVE TOWARD THE BUS** until the bus has been brought to a complete stop. When entering the bus, use the handrail and move quickly to your seat.
- D). Do not leave your seat, stand up or kneel in your seat while the bus is in motion.
- E). Be alert to a danger signal from the driver. He/she is in complete command of the bus.
- F). Remain in the bus in the event of a road emergency until instructions are given by the driver.
- G). Keep your hands and arms inside the bus at all times after entering and until leaving the bus. Never throw things out the windows of the bus. Students should not lower or raise the windows.
- H). Remember that loud talking, laughing, or unnecessary confusion diverts the driver's attention and could result in a serious accident. No profanity should be used by students or drivers.
- I). No smoking (in any form) is allowed on the bus by students or drivers.
- J). Be absolutely QUIET when approaching and crossing a railroad crossing.
- K). Treat bus equipment as you would your own valuable furniture in your home. Never tamper with the bus or any of its safety equipment.

FIELD TRIPS & SCHOOL SPONSORED EVENTS

Students attending school-sponsored events are subject to the same rules and regulations as apply during school hours.

Unless prearranged and approved by the principal, all students must ride in school operated vehicles when appearing in athletic, music, and/or any other major school sponsored event, home economics trips, class field trips, etc. Athletes must ride to and from athletic contests on school operated buses or cars, unless parents sign a permission statement for student athletes to ride home with them from contests. Those who ride to out of town games in spectator buses must

return on the bus or forfeit the right to ride to future events, except that parents may take charge of their own at any time, after the parents inform the bus chaperone.

Field trips are intended for specified classrooms and volunteer adult chaperones only. Non-classroom children will not be allowed to attend field trips.

Field Trip Guidelines: In order to participate in field trips during the school year, students are responsible for doing the following:

1. No more than 3 behavior detentions in any quarter
2. No more than one suspension throughout the entire school year

Students are expected to attend scheduled field trips. Students may not be allowed to participate in field trips if they are on the ineligibility list during the week of the trip.

This includes the 8th grade class trip, as well as, other class field trips that are not required by the teacher.

DELIVERY OF GIFTS/FLOWERS

Delivery of gifts and flowers to school for special occasions is discouraged. If such items are delivered for students during school hours, they must be brought to the school office and will be given to the student at the end of the school day.

This includes, but is not limited to, before and after school, in between classes, recess, cafeteria, bus trips, and any other school situation. Students attending school-sponsored events are subject to the same rules and regulations as apply during school hours. Disciplinary measures will vary with the infraction and the situation.

At the end of each grading period, the students will start with a clean record with each teacher and the process starts over.

GUM

At the discretion of the classroom teacher, chewing gum or candy may be allowed in class. In classrooms where gum or candy is not allowed, detentions may be given to repeat offenders.

FOOD & DRINKS

Food and drinks are not allowed within the classroom or in lockers (other than a packed school lunch). At the discretion of the classroom teacher, food and drinks may be allowed in class for special occasions or other circumstances (including extreme heat or a medical need). Detentions may be given to repeat offenders.

SUBSTITUTE TEACHER

Every student will have a substitute teacher sometime during the school year. Students are expected to be extra courteous to substitute teachers. Substitutes also have the same authority and responsibility for maintaining classroom discipline as the regular teacher. All classroom rules and procedures still apply.

STUDY SKILLS

Specific skills and techniques can make learning easier and more enjoyable. The following are student guidelines for achieving good study habits:

- 1). Come to class prepared with pencil, paper, and other necessary materials.
- 2). Be an active participant in class. Listen well and take part in class.
- 3). Ask questions to clarify problems.
- 4). Plan your day and schedule time for homework.
- 5). Use what is learned and apply it to new situations.
- 6). Strive to do the very best work possible. Just "getting by" is not a worthwhile goal.

ELECTRONIC DEVICES

Cell Phones, Cellular Devices, and Electronic Devices: Cell Phones, cellular devices, and other electronic devices should be turned off and kept in a book bag or locker during the school day, and should only be used with teacher permission.

ASSIGNMENT BOOKS

Assignment books are issued to all students in grades 1-8 for two purposes. They are instrumental in helping the student become more organized and they facilitate home/school communication. Students should complete them on a daily basis, and parents may be expected to review and sign them at certain grade levels. If an assignment book is lost or destroyed the student must replace it at his or her own expense.

TEXTBOOKS

Students will be issued textbooks periodically during the year. Every effort will be made to insure that these will be in good condition. The student will be responsible for repair and/or replacement at their own expense of any damaged or defaced books.

YEARBOOK

The Flanagan Grade School yearbook is distributed each May and contains a picture of each student in grades PK through 8, school staff, organizations, athletic teams, cheerleaders, and school activities. A notice is sent home with each student during February with purchase information.

5TH-8TH GRADE HOMEWORK POLICY

Homework is important. It is an extension of the learning that takes place at school. Homework can provide practice and drill that reinforces classroom learning and can provide opportunities for independent study, research, and creative thinking. Parents can help their children by arranging a quiet, comfortable place for the students to work and by seeing that assignments are completed.

Failure to complete or turn in assigned homework may result in the following consequences: verbal warning, detention warning, 30-minute detention. Each classroom teacher will outline specific homework guidelines.

If a student accumulates three (3) detentions within a nine-week period for late or incomplete homework, they may be given an in-school suspension.

Teachers will assign a specific due date and time for homework.

- Students handing in late homework may receive a late homework grade.
- A late homework grade will be determined by the individual teacher.
- Students will be responsible for submitting all late homework.
- Teachers will not track down students for late assignments.

JR. HIGH (5th-8th) RECESS/NOON HOUR STUDY HALL

Students will have the option to go to noon hour study hall or recess if they maintain a C- or above in all classes.

Students must go to noon hour study hall if:

- They are absent for an academic class, they must go to noon hour study hall for the next available recess to make up missed work
- They are not at their halfway AR goal after the midterm (Students will go to study hall until they meet their goal or through the end of the quarter.)

REPORT CARDS

The school year is divided into four grading periods. At the halfway point in each grading period, Progress Reports are mailed for students in 5th – 8th grades. Report cards are issued for all the students at the end of each grading period. The Kindergarten through 3rd grade report cards will be sent home with students. The 4th through 8th grade report cards will be mailed.

In addition to letter grades in the different subjects, a citizenship mark is also given on quarter report cards. Students caught cheating will receive a zero on the project/assignment. It will be at the discretion of the teacher whether or not the student may make up the work. These incidents will be reported to the Principal.

LIBRARY

Library is scheduled for grades K-8 weekly. Each child in 1st – 8th grade may check out 2 books at a time. Students may go to the library during times designated by the librarian. Kindergarten students check out books in their room.

Most books can be borrowed for one week and renewed up to three times. There are only a few overnight books, such as encyclopedias, which can be taken out only after school and must be returned before the first period the following day. Books may be borrowed or returned at any time of day, except when a class is scheduled in the library. Loss of books requires replacement fees and may result in the loss of library privileges.

PHYSICAL EDUCATION

Health class is offered to Jr. High students in addition to PE. Health is a course that is scheduled on a rotation basis with other special curriculum classes.

COMPUTER USAGE

We have the ability to enhance your child's education through the use of the Internet. The Internet offers vast, diverse, and unique resources. The District's goal in providing this service is to promote educational excellence by facilitating resource sharing, innovations, and communication. Your authorization is needed before your child may use this resource.

Should a Unit 74 student violate any of these provisions, his or account will be terminated with additional disciplinary action initiated as directed by the Student Handbook and Board of Education Policies.

The district prohibits the accessing, submitting, posting, publishing, or displaying of any materials that may be defamatory, inaccurate, abusive, obscene, profane, sexually oriented, threatening, racially offensive, harassing, illegal, or otherwise inappropriate in the school setting. Ultimately, parent(s)/guardian(s) are responsible for setting and conveying the standards that their child or ward should follow. To that end, the School District supports and respects each family's right to decide whether or not to authorize Internet access. Please read and discuss the "Authorization for Internet Access" that you received in your registration packet with your child. If you agree to allow your child to have an Internet account, sign the Authorization form and return it to school.

Headphones: Headphones will be provided for students at the beginning of each school year. These are to remain at school and be returned at the end of the school year. Students who lose or

damage their headphones will be required to pay for them. Students may also bring personal ear buds or headphones to use in computers.

FINE ARTS

Art: Each student has an opportunity to be in art class.

5th grade experience art twice a week for the entire school year. They participate in 2D & 3D media exploration, practice technical skills, and are introduced to historical and contemporary artists. Student work is shown during music concerts, as well as, constantly displayed in school hallways.

6th grade experience art for a semester each year. During that semester, we explore a wide variety of media, learn new techniques, and discuss contemporary and historical artists. Artwork is shown during music concerts as well as consistently displayed in school hallways.

7th & 8th grades are split into A & B groups. Each group attends art for a quarter. During that time we explore techniques in 2D & 3D media. We also explore art as a career and critically delve into historical and contemporary artworks. Artwork is displayed consistently in school hallways and shown during music concerts.

Instrumental music: The grade school has a band, which includes students in 4th – 8th grades. Students in instrumental music also have a chance to enter the State Fine Arts Contest. Students start with instruments during the first semester of the fourth grade.

Vocal music: Each student in grades K through 8 has an opportunity to be in a music class either two or three times a week. Vocal music students in 5th – 8th grades have an opportunity to participate in the Illinois Elementary School Association's Fine Arts Contest, which is held in late March or early April.

Students may choose to drop band or choir at the end of a semester with written consent from the teacher, as well as, a parent/guardian.

RECOGNITION OF ACHIEVEMENT

Any student in 5th – 8th grades whose schoolwork is above average, will be named to the "High Honor Roll" or "Honor Roll." Students are eligible for this recognition on the following basis:

- 1). Grades in Language Arts, Math, Reading, Science, and Social Studies classes must be A's for the "High Honor Roll" and must be at least B's for the "Honor Roll."
- 2). Grades in all other subjects/classes must not be lower than C's.

Any student who shows improvement in at least one subject without going down in any other will be named to the "On-A-Roll" and recognized after each nine-week grading period.

ATTENDANCE AWARDS

Those students who achieve exemplary attendance are recognized each year on Awards Day. In order to be considered for the award, students utilizing excused absences for doctors, dentists, etc. must not be absent for two complete periods. Excessive tardiness will be considered in determining eligibility for this award.

STUDENT OF THE MONTH

Each month, a student is chosen from grades K-4 and 5-8 to be recognized as the Student of the Month. Any staff member who works with students can nominate a student for Student of the Month. Students are nominated based on the PRIDE standards (Positivity, Responsibility, Integrity, Determination, and Empathy). Each staff member selects the student they feel showed the most pride for the month. Teachers write a summary explaining why they nominated that student. After all nominations are received, a winner is chosen. All proposed nominations and winners are celebrated at the monthly PRIDE assemblies.

8th GRADE PROMOTION

Flanagan Junior High's top priority is preparing students for high school both academically and socially. As a staff, we make every effort to ensure their success. We celebrate the accomplishments of our 8th graders at the end of the school year with a promotion ceremony. In order for 8th graders to participate in promotion, it is essential that students maintain academic progress and behavior. Excessive suspensions/inappropriate behavior can prevent a student from participating in the 8th grade promotion ceremony

(To qualify for participation in the promotion ceremony, students must have:

- No more than two full days worth of suspensions (In-school or out of school) throughout the school year)

RESPONSE TO INTERVENTION

Response to Intervention (RTI) is an educational support system used in Livingston County which utilizes existing services and staff members (teachers, administrators, support personnel, etc.) in cooperation with students and parents. The focus of this process is to address student needs in the areas as of academic development, social relationships, or behavioral expectations.

Student concerns are presented during a building-based team meeting. Parental participation in this meeting is valuable to help develop a plan of interventions to meet student needs. The team may consist of parents, students, educators and support staff, such as: school psychologist, school social worker, educational consultants.

If the student continues to experience difficulty, then other services may need to be considered. Written parental permission is needed to put into place these different services. If after a period of time, the student's need is not met, additional information may be gathered by developing questions related to the student's school performance, The responses to these questions provide information needed to help students be successful in school.

The Response to Intervention Model does not eliminate the possibility of requesting a traditional assessment (Individual Education Evaluation). A written request for your student to be assessed in a traditional manner can be made at any time. Also, the team will ask your permission to gather any information about your student that we feel will help us better plan interventions. If the team feels that special education services may be needed, another consent signature will be required. The process of Response to Intervention is not meant to delay any consideration for special education services. If you have any questions, please contact Livingston County Special Services Unit (815) 844-7115 or Flanagan Grade School (815) 796-2261.

BEHAVIORAL INTERVENTIONS POLICY FOR STUDENTS WITH DISABILITIES

It is the purpose of this policy to establish the process for Flanagan-Cornell Unit #74 Schools to comply with School Code Chapter 122, Section 14-8.05 on the use of behavioral interventions for students with disabilities. The fundamental principle of this policy is that non-aversive or positive interventions designed to develop and strengthen desirable behaviors shall be used to the maximum extent possible and are preferable to the use of aversive and restrictive interventions.

The use of positive interventions is consistent with the educational goals of enhancing students' academic, social, and personal growth. While positive approaches alone may not always succeed

in controlling extremely inappropriate behavior, the use of more restrictive procedures should always be considered to be temporary and approached with caution and restraint. The use of restrictive interventions should maintain respect for the individual student's dignity, personal privacy, and adhere to professionally accepted treatment practices. All of the procedural protection available to students with disabilities and their parents under the Individuals with Disabilities Education Act (IDEA), including notice and consent, opportunity for participation in meetings, and right to appeal, shall be observed when implementing and/or developing behavioral interventions.

It is the intent of Flanagan-Cornell Grade School District #74 that interventions used with a student with disabilities will incorporate procedures and methods consistent with generally accepted practice in the field of behavioral intervention. Interventions that are considered non-restrictive are preferred because of the low risk of negative side effects and the high priority placed on behavior change rather than behavior control. These interventions may be used with out the development of a written Behavioral Management Plan or inclusion in the student's Individual Education Program (IEP).

Interventions that are considered restrictive may be appropriate during emergency situations or when less restrictive interventions have been attempted and failed. Restrictive interventions should only be used when a Behavioral Management Plan has been developed by the IEP team and included in the student's IEP. Restrictive interventions shall be used for the minimal amount of time necessary to control the individual's behavior and shall be used in conjunction with positive interventions designed to strengthen appropriate behaviors. Corporal punishment and expulsion with loss of services are illegal interventions and shall not be used.

When confronted with an emergency situation, in which immediate intervention is needed to protect students, other individuals, or the physical site from harm, school personnel may use an intervention that has not been delineated in the student's Behavior Management Plan. The emergency intervention selected shall be the least intrusive to reasonably respond to the situation. When an emergency intervention has been used with a student, the parents or guardians of the student will be notified as soon as possible. In addition, details related to the use of the emergency intervention will be documented.

Flanagan-Cornell Grade School District #74 shall maintain a Behavioral Intervention Committee to implement the district policy on the use of Behavioral Interventions. In addition, this committee shall monitor the use of restrictive interventions with students with disabilities.

This policy has been developed based on a review of the document entitled "Behavioral Interventions in Schools: Guidelines for Development of District Policies for Students with Disabilities." This document was prepared by the Illinois State Board of Education and is dated January 1996. A copy of these guidelines may be requested from the Illinois State Board of Education, 100 North First Street, Springfield, IL 62777-0001. Copies are also available from Livingston County Special Services Unit, 920 Custer Avenue, Pontiac, IL 61764.

DISCIPLINE OF SPECIAL EDUCATION STUDENTS

No special education student shall be expelled if the student's particular act of gross disobedience/misconduct is a manifestation of his or her disability. Any special education student whose gross disobedience/misconduct is not a manifestation of his or her disability may be expelled pursuant to the expulsion procedures, except that such disabled student shall continue to receive educational services as provided in the IDEA during such period of expulsion. A special education student may be suspended for an aggregate of 10 days of school per school year, regardless of whether the student's gross disobedience/ misconduct is a manifestation of his or her disabling condition, except that such student shall continue to receive educational services in accordance with the IDEA during such period of suspension.

Any special education student who has or will exceed 10 days of suspension may be temporarily excluded from school by court order or by order of a duly appointed State of Illinois hearing officer if the District demonstrates that maintaining the student in his or her current placement is substantially likely to result in injury to the student or others.

A special education student who has carried a weapon to school or a school function, who knowingly possesses, uses, sells or solicits the sale of a controlled substance/illegal drugs while at school or a school function, may be removed from his or her current placement. Such a student shall be placed in an appropriate interim alternative educational setting for no more than 45 days in accordance with IDEA.

Behavioral intervention should be:

- 1). Administered in a manner that respects human dignity and personal privacy.
- 2). Along with consideration of the pupil's physical freedom and social interaction.
- 3). So that a pupil's right to placement in the least restrictive educational environment is ensured.

Teachers and administrators should use behavioral interventions to promote and strengthen desirable adaptive student behaviors and reduce identified inappropriate behaviors. A fundamental principle is that positive, non-aversive interventions designed to develop and strengthen desirable student behaviors should be used, whenever possible.

While positive approaches alone will not always succeed in managing extremely inappropriate behavior, the use of more restrictive behavior interventions should be considered to be temporary and approached with utmost caution and planning. The use of interventions should maintain respect for the student's dignity and personal privacy and adhere to professionally accepted instructional practices. The selection of intervention strategies for use with an individual student shall be based on the information derived from an analysis of the behavior. Before an intervention is selected, a continuum of possible interventions designed to produce the desired behavioral change(s) should be considered. The least restrictive intervention(s), which is reasonably calculated to produce the desired outcome, should be selected for IEP implementation. Teams will incorporate procedures and methods consistent with generally accepted practice in the field of behavioral intervention.

The IEP team for a student with disability will determine if behavioral patterns are impacting the learning environment to an extent that learning cannot occur and a behavioral intervention plan needs to be developed. A student receiving special education who requires the use of behavioral interventions should have a written behavioral intervention plan developed by the IEP team.

Parents and/or guardians of a student with disabilities should be actively involved in the development of a behavioral intervention plan as part of the IEP process. All procedural safeguards, including rights to administrative remedy, mediation, and impartial due process hearing, as required through the Individuals with Disabilities Education Act (IDEA) and the Illinois School Code, shall be applicable to the resolution of disputes involving the behavioral intervention plan and the IEP. Flanagan-Cornell Unit #74 policy and procedures regarding the use of behavioral interventions for students with disabilities will be provided to parents and guardians of all students with individualized education plans.

- 1). Within 15 days after they have been adopted by the school board or
- 2). At the time an individualized education plan is first implemented for the student, and
- 3). At the beginning of each school year thereafter.

Students with disabilities may be actively involved in the development of a behavioral intervention plan as part of the IEP process. Students will be informed by the school annually of the existence of this policy and procedure.

Ongoing professional development of personnel in behavioral assessment and behavioral intervention strategies will be provided as determined relevant by a locally developed needs assessment. Copies of the publication Behavioral Interventions in Schools: Guidelines for the Development of District Policies for Students with Disabilities may be requested from the Illinois State Board of Education at 100 North First Street, Springfield, IL 62777-0001. Copies of the aforementioned publication may also be obtained from Livingston County Special Services Unit.
